At SAMANA Developers, we focus on living up to the expectations of our clients and providing them with an incredible experience. It stands to be our consistent effort to maximize the return of our investors and turn their dreams into reality.

Working with ultimate zeal and passion, we had our breakthrough in the real estate world with our very first project, ‘SAMANA Greens’ launched in April 2018 in the heart of Arjan, Dubai. The project had its main structure completed in merely 8 months, and despite the tough pandemic times, it was successfully delivered in the year 2020.

Following the huge success of SAMANA Greens, we then launched another magnificent project, SAMANA Hills in September 2019. The project recorded ground-breaking construction progress and was successfully handed over in June 2022. It even went on to be the first property in Arjan, Dubai to have private pools in a residential apartment.

The radical success gained by our diligent team has encouraged and paved the way for many other holistic real estate projects. And as we speak, the team is working towards launching the next project and continuing the success spree.
